WORK EXPERIENCE

Bellatrix – Female warriors in Tech, KNIT Sultanpur

Founder and Front end Designer

Nov 2021-Present

- Found a female community in my college and mentored juniors in Competitive Programming.
- Developed a website with my other teammates to make them aware of different opportunities for females in tech.
- Working on the backend of the website [Link](#).

PROJECT WORK

Questwers - Quora-Clone-app

[Repository Link](#)

React JS, Node.js, Express JS, Firebase, Mongo DB, Git, Github

- Developed a MERN stack web application that has the functionality of quora(ask questions or get answers).
- Used Firebase console for user authentication, and react-time-ago to show the time of different posts.
- Used react-quill package for formatting the text of questions and answers.

Codeforces Progress Observer

[Repository Link](#)

HTML5, CSS3, Bootstrap, JavaScript, Node.js, Express JS, Chart.js, Github, Heroku

[Live Link](#)

- Developed a web application that gets data from codeforces API and displays it sorted on different parameter
- Used chart.js for a visual representation of data.
